

## ON MONDAY, SECURITY PRACTICE AT THE MURGADOS REGASIFICATION PLANT

**Mugardos, november 7, 2014.**

Reganosa announces the conclusion of a security practice at its regasification plant in Mugardos.

The activity will be next monday between 11 and 13 hours, with the use of two tugs acting in the terminal. Reganosa has an intensive program of training for its own employees and for those that are related to its ordinary activity with the porpoise to solve in the most efficiently way any security incident.

The exercise will not modify the ordinary activities developed in the estuary.
